## Local Employment Partners

Many of you have already signed up to 'Local Employment Partnerships' and will therefore know the benefits to your business. In case you are not aware these include:

- **Work Trials** - you take on an applicant for a trial of up to 5 working days without obligation.
- **Customised recruitment** - you receive support focussed on your needs. This can include sifting of application forms, short listing of candidates and organising interviews.
- **Group Application Sessions** – you have tailored sessions run for you, while we also assist candidates through the recruitment process. This can cover advice on CV's, interview tips and help with application forms – all aimed at getting the right person into the right job.
- **Interview facilities** – you receive both interview facilities and full admin back up to ensure a successful recruitment.
- **Access to training** – I can advise on specific training and appropriate programmes

These are just some of the ways we can help you and remember we do not charge for these services. Since you may well wish to discuss your options further, please contact me and I would be pleased to arrange a visit.

Finally, do not forget you can telephone your vacancies to Employer Direct on 0845 601 2001 and these will appear on our website immediately.

Look forward to hearing from you

Regards
